Paranoid

The walls close around you.
There's no one there to
take you in.

There's no one there to
show you that they
truly care.

All the world wants
is your soul of souls.
Watch out.

Don't relax your guard.
Don't fall into the trap,
or you will fail.

Don't trust him
when he tells you
he loves you.

Don't trust her
when she says
she cares.

Don't trust anyone
at any point
or you will die.

Trust makes us weaker.
Deceit makes us strong.
So let's use it.

What do you say?
You say that
I am paranoid.

That I think everyone

is out to get me.

“No,” I reply.
Not thinking,
but Knowing.
